EXPERIENCE

AMA Legal Solutions | UX/UI Designer **Sept 2025 – Present**

Gurugram, Haryana

- Designed and delivered **AMA Connect**, a **free pro bono legal-aid app**, end-to-end across **user research, user flows, wireframing, prototyping, and high-fidelity UI** in Figma, enabling users to connect with verified lawyers and resolve legal queries within **45 minutes**.
- Grew AMA Connect to **2,500+ active users** with a **4.9/5 rating** across the Play Store and App Store within months of launch through **iterative, user-centred design**.
- Designed the **Case Desk** feature for **real-time case tracking and in-app lawyer communication**, improving the overall case-management experience.
- Designed **10+ company and client websites** using **user-centred design principles**, contributing to an estimated **30–40% increase in website traffic** and improved conversion rates.
- Independently **designed and developed 10+ responsive websites end-to-end** within one year, covering **UI/UX, responsive frontend development, implementation, and deployment**.
- Designed **20+ Shopify e-commerce stores** for internal and client brands, covering **storefront UX, theme customisation, responsive layouts, and conversion-focused design**.
- Design and develop **responsive marketing websites end-to-end**, using **Cursor and Google Antigravity** to accelerate the **design-to-development workflow and implementation process**.
- Collaborate with **product managers and engineers in an Agile environment**, translating **user research, business requirements, and product goals** into actionable design solutions and build-ready specifications.

[DroDro] | UX/UI Designer Intern **May 2025 – Aug 2025**

Noida, Uttar Pradesh

- Designed the complete **website and mobile app experience end-to-end**, from **user flows and wireframes to high-fidelity UI** in Figma.
- Applied **user-centred design principles and usability feedback** to create an intuitive product experience for early-stage users.
- Worked directly with **founders and engineers** to translate business requirements into clear, scalable, and buildable **design specifications**.

TECH STACK & TOOLS

UX/UI: User Research, User Flows, Information Architecture, Wireframing, Prototyping, Usability Testing, Interaction Design, Visual Design, Design Systems, Responsive Design, Accessibility

Design: Figma, Framer, Webflow, Spline, Auto Layout, Components, Variants, Variables, Design Systems, Illustrator, After Effects, Rive, Jitter

Development: HTML, CSS, JavaScript, React.js, Next.js, Framer Motion, Shopify, Shopify Liquid, Git, GitHub

AI & Workflow: Cursor, Google Antigravity, Google Stitch, Google Flow, Claude, ChatGPT, Gemini, Prompt Engineering, AI-Assisted Coding, AI-Assisted Design, AI Prototyping, Design-to-Code, AI-Powered Ideation, AI-Assisted Research, Workflow Automation, Developer Handoff, Agile, Cross-functional Collaboration

KEY SKILLS

Design: Wireframing, Prototyping, Accessibility, Usability-Testing, Design-Systems, Interaction-Design, Visual-Design, User-Research, Journey-Mapping, Responsive-Design, Branding

Code / Technical: HTML, CSS, JavaScript, React.js, Next.js, Shopify-Liquid, Prompt-Engineering, AI-Tooling, Debugging, Version-Control, Documentation, Framer Motion

Soft Skills: Collaboration, Communication, Agile, Problem-Solving, Adaptability, Ownership, Storytelling

PROJECTS (PRIOR TO AMA LEGAL SOLUTIONS)

Splitwise Redesign | UI/UX Case Study

- *Redesigned the **expense-management flow** to create a clearer and more intuitive user experienc*
- *Built a **reusable Figma component library and design system** to improve consistency and scalability.*

ZeroG | Space Travel Booking App

- *Designed an **end-to-end booking experience**, covering user flows, interface design, and interaction patterns.*
- *Created **interactive prototypes and responsive components** in Figma.*

Student Portal Revamp | Dashboard Redesign

- *Redesigned a **student dashboard** to improve usability, information hierarchy, and navigation.*
- *Developed a responsive design system with reusable UI components in **Figma**.*

EDUCATION

Bachelor of Technology (B.Tech) — Electronics Engineering with Specialization in IoT **2021-2025**

J.C Bose University of Science & Technology, YMCA Faridabad

ACHIEVEMENTS

- Built AMA Connect to **2,500+ active users** with a **4.9/5 rating** across the Play Store and App Store within months of launch.
- AMA Connect was **featured on Bar & Bench**, a leading Indian legal industry publication, strengthening product visibility and credibility.
- Delivered **10+ website redesigns**, including **6 websites designed and developed end-to-end**, along with **10+ Shopify store builds**.
